AMBULANCE RATES

At the regular meeting of the Elko County Board of Commissioners held on May 7, 1975, the decision was passed to raise the ambulance rates for the Elko and Wells ambulance operations. The effective date of the rate increase was May 7, 1975.

BASE RATE \$ 25.00

NIGHT BASE RATE \$ 30.00

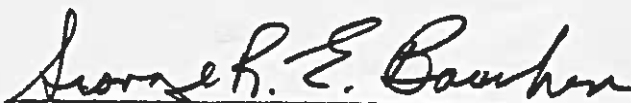

DRY RUN RATE IN TOWN \$ 10.00

If the ambulance run is changed from the Hospital to the Doctor's office or the reverse order, there is an additional \$10.00 to the Base Rate.

MILEAGE \$ 1.00 per mile, out of town
one way only.

In the event there may be more than one patient transported in an ambulance at the same time, the consideration shall be that each shall be charged the applicable base rate. However, there need be only one mileage charge that can be divided equally between the patients.

The charges for supplies and oxygen remain unchanged.
